

EC-CERTIFICATE OF CONFORMITY
1071- CPD - 1142

Norwegian Building Research Institute confirms that

PROTAN SE, EX og EXG

is in conformity with the requirements in Annex ZA of EN 13956:2005

Protan SE, EX and EXG are roofing membranes made of pliable PVC with a core of woven polyester, and satisfies the requirements of roofing membranes on flat and sloping roofs

Certificate holder:

Protan AS
Postboks 420
3002 Drammen

Factory:

Protan AS, Drammen

This certificate is issued in compliance with Council Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of Member States relating to construction products, modified by Council Directive 93/68/EEC of 22 July 1993. It has been stated that the product mentioned above is submitted by the manufacturer to factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the Norwegian Building research Institute has performed the initial type-testing for the relevant characteristics of the product, the initial inspection of the factory and factory production control. The institute also performs the continuous surveillance, assessment and approval of the factory production control in accordance with System 1.

This certificate was first issued on 22.11.2005, revised 10.01.2006, and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly and latest on 01.01.2011.
